BOOST PRODUCTIVITY

We are designed to enhance your work flow. We support, collaborate, and network with each other. We work together to build each other's businesses and faster group success.

GROWTH MINDSET

We actively encourage innovation and ingenuity. We connect smart minds in a supportive environment. We build meaningful connections.

WATCH YOUR WORLD ACCELERATE

We are a new type of seed-stage working space.

We believe business is now truly global.

We are a team highly experienced in helping our entrepreneurs to develop, grow, network, and scale into other markets throughout the world.

FLEXIBLE WORKSPACE

Choose between private offices, dedicated or flex desks, or virtual membership.

Our approach: We offer a limited number of desks.

It is important to create a tight-knit community while ensuring that members have full access to all services. The best way to do that is to limit membership to people who wanted to be in the office regularly. The expansive space and flexible membership ensures your needs can grow with you.

CENTRALLY LOCATED

Location, Location, Location.

Nothing Beats This Location.

You can't get much better than this.

You'll walk and bike to all the restaurants and nightlife of Glyfada's hottest neighbourhoods. Showers and secure bike storage make your transition back to work easy.
